

## Treasures of the green valley (C 006 UMB)

A 7-day cycling tour

This is cycling on quiet country roads among the colourful fields, with a beautiful backdrop of hills covered with silver-green olive groves and fertile vineyards. Umbria has been praised for its pure beauty since Roman times, because of its greenness, many lakes, rivers, refreshing springs, mountain streams and waterfalls. This not-too-strenuous cycle tour since it take place mainly in the valley with only a few rolling parts will bring you to lively, medieval villages and towns of the green valley 'Valle Umbra', such as Assisi, Spello, Spoleto, Montefalco, Bevagna and Perugia. Thanks to the reduced daily distances, you will have enough time to visit these towns.

The tour starts and finishes close to Assisi, which rises on a mountainous branch of the Monte Subasio, and its highest point, where the castle is located, is 505m a.s.l.. This beautiful pilgrimage town with its narrow alleys, cosy squares and many medieval monuments will make an unforgettable impression. On the first day, you pass the medieval town of Spello. Back in the saddle again you reach the centre of Foligno with its magnificent Duomo. A scenic route winds its way through the fertile valley until Casco dell'Acqua, situated at the refreshing Clitunno-river and immersed in an enchanting oasis of peace. The second day you will make a circular tour among olive groves to Spoleto. You will have enough time to visit this interesting town. It is full of life, with many squares, lovely little streets and many sights to visit, such as the Duomo with the frescoes of the Florentine painter Filippo Lippi, the Roman Theatre and the medieval bridge and aqueduct Ponte delle Torri. The second part of the tour will bring you to Montefalco, Bevagna, Torgiano and Perugia, the capital of the province, with its solemn Renaissance palaces, museums, impressive churches and tightly winding shopping streets. A short ride along the quiet country roads of the valley will bring you back to Assisi, which you will already see from afar.

The town is well-known for its special flower festival ('infiorata') for Corpus Domini. After Spello you descend to Foligno, which is in the valley. At the foot of this town you have the option to continue along the valley directly to Bevagna or to visit Montefalco... but to reach this lovely wine town, you first have to conquer a steep climb. Montefalco (472 m a.s.l.) is also known as the 'balcony of Umbria', because of its fantastic panorama. Artists such as Benozzo Gozzoli and Perugino decorated the Franciscan church, now a museum, with magnificent 15th and 16th century frescoes. Montefalco is famous for its excellent wines, Rosso di Montefalco d.o.c. and Sagrantino d.o.c.g, produced on the sunny slopes around the town, and of course it is almost impossible to leave the town without tasting them in one of the many wine bars.

From Montefalco you go downhill to Bevagna. This town has a lovely medieval square with a fountain and two Romanesque churches. The square is a real meeting place for the friendly inhabitants. After a last hill, you will reach Torgiano, at the confluence of the rivers Chiascio and Tiber (Tevere). Your hotel is in the quiet town centre. Close to Torgiano (6 km) is the village of Deruta, which has in part, managed to retain the highly distinctive features of its medieval buildings. Deruta is universally famous for its ceramics. The origins of this ancient art go back as far as the Etruscan times and nowadays the many local workshops still make excellent quality ceramics. Numerous Italian and foreign museums have pieces of Deruta ceramics on show, including the Victoria and Albert Museum. The town hall hosts the art gallery and the ceramics museum. The next stop is the sanctuary of Madonna dei Bagni, which has built after a miracle, which took place in the year 1657. Inside the church, there are more than 600 votive tiles, all testimony to the tradition of the Deruta ceramics. Cycling through a beautiful hilly landscape, you pass typical Umbrian hamlets like Casalalta. Your cycle back to Torgiano is through the Tiber valley. Torgiano, like Montefalco, is famous for its excellent red and white wines. There is an interesting wine museum to visit and next-door you can taste the wines of the Lungarotti family in the 'osteria'.

Under its impressive dome still lies the humble little chapel 'Porziuncola' where Saint Francis came to pray. To reach the beautiful historical centre of Assisi you have to make a short steep climb, but wandering through the town you will agree that it was worth the effort. You will have enough time to visit the main monuments of the town, like the basilica of Saint Francis with its beautiful frescoes by the painters Giotto, Simone Martini, Cimabue and Pietro Lorenzetti.
