

Discovering the most beautiful villages of Umbria (W006 UMB)

A 8- or 10-day walking tour for more leisure walkers

This special journey on foot will lead you to the discovery of more and less known towns and villages, but always very fascinating.

You will walk along quiet country roads surrounded by a beautiful landscape with hills covered with silver-green olive trees and fertile vineyards. Umbria has always been praised for its genuine beauty since Roman times, for its green nature, numerous lakes, rivers, refreshing springs, mountain streams and waterfalls. This easy walking tour, not too tiring as it develops mainly in the valley and in the lower hills surrounding the Umbrian valley, will lead you to the discovery of lively medieval villages and cities such as Assisi, Spello, Foligno, Bevagna, Collemancio, Torgiano and Perugia.

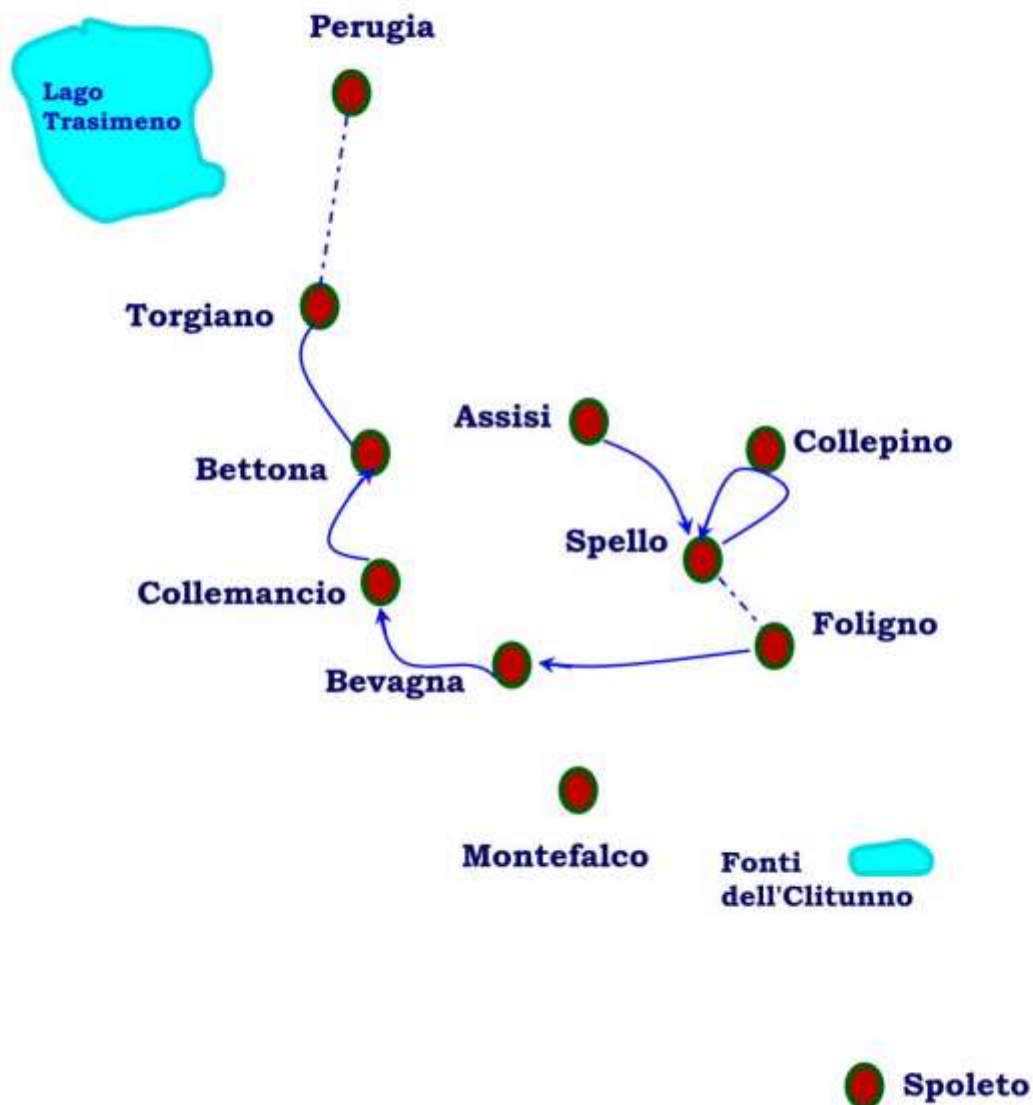

Thanks to the short daily distances of this more leisure version, you will have enough time to visit the various villages, enjoying their cosy atmosphere.

The tour starts from Assisi, rising on a spur of Mount Subasio, whose highest point, where the Rocca Maggiore is situated, is 505 m a.s.l. This beautiful city, a pilgrimage town with narrow alleys, welcoming squares, numerous Roman remains and impressive medieval monuments will leave beautiful and unforgettable memories in your mind. Walking along a panoramic road, among olive groves you will reach the medieval town of Spello. The fascinating path of the Roman Aqueduct will bring you to the small village of Collepino and then descending over the trails of Mount Subasio you return to Spello. You take the train to Foligno with its magnificent cathedral and Palazzo Trinci, which houses two

museums. The second part of the tour will lead you to other bigger or smaller 'Borghi' of Umbria: medieval Bevagna, the small hilltop town of Collemancio, Bettona famous for its Goose feast, the wine-town of Torgiano and Perugia, capital city of the region, your last destination. You will have time to visit its Renaissance palaces, museums and imposing churches and to explore its streets and alleys, perfect for shopping.

The tour can be extended with extra nights in Assisi to make a cultural walk along its medieval monuments of town and one extra night in Bevagna to visit Montefalco, a city known for its wonderful wines and its welcoming historic centre.
